\$5

The BALLENGER Co.

Dr. Keller Comments

The eclipse was on time. It will return in 1963 on the minute. Millions of worlds through millions of years sweeping infinite spaces with incredible speeds and never missing a minute. And the mind that measures the heavens is greater than the heavens. There is a fatal lack in the soul of a man who can scan the heavens and not believe in God and love Him.

Miss Alice Edwards has returned to college at Boone.
