## Today's News Headlines

Coolidge, Al Smith, Baruch, and Clark Howell named to survey railroad troubles. Earthquake in Macedonia, Chalcidice, Jugoslavia kills 100, many injured and much property loss.

## Windsor With Bulletin

Philip B. Windsor who recently moved to Tryon and bought a home has become associated with the editor of the Bulletin. During the past ten years Mr. Windsor has studied International relations with the view of helping to solve world problems. It is a big job, but it is his hobby, and he has had the time and money to enjoy it. He plans to use the Bulletin to carry his messages to all parts of the world and reach the leaders who are interested in saving the world from economic ruin. The Bulletin should prove more tempting bait than the Congressional Record and at least bring a lot of favorable publicity to Tryon.
