## South Shines In Football

It is only recently the South has made any marked standing in football. But ever since Alabama started going to the Rose Bowl in California for New Year's football games interest in football has increased tremendously. The Crimson Tide has made four trips to the Rose Bowl without a defeat. Yesterday before 85,000 fans she defeated the strong Stanford team 29-13 in the most thrilling game of all. See today's sport pages. Tulane defeated Temple University of Philadelphia at New Orleans, Miami lost to Bucknell at Miami. The East lost to the West at San Francisco.

## Leaves From the Wonder Book

By GILES W. PEARSON

Just before the highway goes into the paved street at Saluda on the side next to Tryon, you will see a white house, in a ravine, between the highway and street. Look down this ravine, or hollow as we call it, and you will have a perfect view of the west side of Tryon mountain, including Ricks-Haven. Look at all this carefully, so you will remember how it looks; and then the next time you pass, even if it has only been a short time, look again and see if it is ever the same color.

This is one of the interesting articles written for The Polk County News by Giles W. Pearson. There are other articles by him and other expert writers. The Polk County News costs only two cents a week, less than the price of a postage stamp.

## MR. HENRY BRAY

Passed away at 1:15 today.  
Funeral arrangements will be made later.

Mrs. Bray requests that no flowers be sent.

300 or more people were arrested yesterday in Western North Carolina for not having bought their auto licenses for this year.

WEATHER: Fair and warmer for Thursday.
