For the past three years she has been teaching in the public schools of North Carolina and is well-equipped for her work here.

## Republican Difficulties In The Legislature

The following extracts from news items in the daily press indicate that Republican members of the North Carolina legislature or those elected on that ticket have trouble in presenting legislation for their constituents:

Representative George Head's measure to reduce the Rutherford county board of commissioners from five to three members precipitated a fight before the committee. The committee voted an unfavorable report, mainly because the Democratic organization in Rutherford county opposed the bill sponsored by the Republican representative.

## HOSPITAL ASSN. TO BE FORMED

A group of citizens met at Mimosa Inn Monday night for an informal discussion of the work and needs of St. Luke's hospital and to make plans for aiding the trustees in carrying on the work here. As a result plans were laid for the formation of a Tryon Hospital Association to be composed of public spirited citizens interested in keeping the hospital going in Tryon. The provisional organization will be set up by a committee composed of S. T. Wood, D. S. Blois, B. L. Ballenger, W. S. Green, R. S. Jackson, Miss Mae I. Flentye, K. A. Bowen, Ralph C. Eiskine and Rev. Chas. G. Sewall. This committee will meet sometime this week and make further announcements. W. M. Hester, a trustee of the hospital, was host last night at the supper and S. T. Wood presided over the meeting.
