Minute Men To Be At Parish House

Patriotism inspired Paul Revere, Thomas Paine, and Patrick Henry to arouse the Colonies to save themselves from oppression. Their work and the brave soldiers who fought for American independence made America. On Sunday afternoon, February 24, at 2 o’clock, thirty minute men have been called to assemble at the Parish House to conduct a war against a terrible invisible enemy—DISEASE and SUFFERING. These men will give of their own time and money, but they can’t do the work alone. They must have soldiers and volunteers. Every dollar given is a soldier to fight for a worthy cause. Money is concentrated time. Time is what life is made of. Every dollar you give is that much of your life or of somebody else’s life enlisted to help suffering humanity including yourself. How many soldiers can you command to help Him who said “Inasmuch as ye did it unto the least of these my brethren, ye did it unto me.”

A friend of St. Luke’s hospital today compared the cost of administering relief to suffering people. He said that in one instance it cost the Federal government \$1,200 to administer \$2.50 worth of relief. He said that St. Luke’s hospital gives one hundred cents on the dollar for relief work. Any person donating \$100 to the hospital can feel sure of giving \$100 worth of actual relief. The administration of this relief is paid for by the paid patients of the hospital.
