"City Limits" Tonight For Baseball Team

A reel pitcher show is on tonight at the Tryon Theatre. Manager C. W. Nessmith is donating all the profits to the Tryon baseball team so the pitcher can have a real uniform. Local baseball fans who like the movies and hurting too can kill two birds with one stone tonight because when they pay 25 cents to see the movie they will also help to get a baseball team for the town this summer. If you like fishing see how many friends you can get to go to the show tonight. Each catch you make means an extra quarter for the team, even though baseball is played by innings instead of quarters. Quarters are needed now. "City Limits" is what the picture says, but really there is no limit to the number you can invite to the show so go out in the country and bring them in if you want baseball for Tryon this summer.
