## Road Improved To Lake Summit From Saluda, N. C.

Improvements in the Lake Summit road from Saluda, N. C., have been completed, according to Dr. A. Vermont.

He said that for some time L. L. Clippard and Chief of Police Gurvey Lawter of Saluda had been interested in the project, as well as Tom Woodworth and others. Thru R. C. Cotner, the Southern Railway gave two loads of cinders which were placed on the siding at Pallas. These have been placed on the road, putting the road in good condition.

Dr. Vermont said that fishermen there are preparing for the fishing season which will open June 10. He said several inquiries had been made about the mysterious big fish that had been reported seen in the lake at various intervals. The fish has not been seen recently, he said, but if it is still alive it should be of huge size.—Spartanburg Herald.

## A Literary Course

President S. T. Wood of the Tryon Chamber of Commerce states that 1,000 pieces of literature about Tryon have been sent to Asheville to be distributed in the midwest and New England states by the Zeppelin Park to Park Goodwill Tour. The trip will begin on June 8 and is planned to advertise the whole of Western North Carolina.
