

—Continued from Page One—

between the aerial observers over New York and Chicago, there will also be microphones at the Harvard University observatory, on the roof of the RCA building and in the Lang observatory in California. In the airplane over Chicago will be Dr. Justin Lee, director of the Dearborn observatory, and Bob Brown NBC announcer, and in the New York plane will be Dan Russel, NBC announcer and an astronomer from Columbia university. Dr. L. S. Andrews, of Harvard will also comment on the scientific aspects of the eclipse and John B. Kennedy on the roof of the RCA building will describe it from the layman's viewpoint.—Asheville Citizen.

Mr. and Mrs. P. L. Barnette and James Miller are on an extended visit to Illinois and other Midwestern states.

* * * *

Mr. and Mrs. Nelson Jackson, Jr., leave today for a visit in South Carolina resorts.

Carl Snavelly, son of Coach Enavelly of the University of North Carolina, is registered with the Boy Scouts this week at the Piedmont Scout Camp on Lake Lanier.
