Scout Jamboree Canceled by F. R.

Washington, Aug. 8.—Declaring he acted "with deep regret," President Roosevelt today canceled the national Boy Scout jamboree because of an infantile paralysis epidemic in this section.

Nearly 35,000 boys were headed for the national capital for the big Scout meeting scheduled for August 21 to 30.

The decision to cancel the session was reached at a White House conference attended by Surgeon General Hugh S. Cummings, District of Columbia officials, and a Scout executive. Reports were considered from health officers from Maryland, Virginia, and North Carolina.

"While this (infantile paralysis) prevalence was not considered to be unduly alarming," said a White House statement, "the conferees decided it would be to the best interest of the Scouts and all concerned to cancel the jamboree." —Charlotte Observer.
