Penalties Imposed On All Delinquent Sales Tax Returns

One important change in the new sales tax law is that reports are now required to be made monthly by every merchant, however small his sales may be. Under the old law, if sales resulted in a tax of less than ten dollars, reports could be made quarterly. Another provision of the new law is a uniform penalty of five per cent (minimum penalty one dollar) on all returns not made by the 15th day of the month. This penalty will become effective on all returns not mailed by August fifteenth, and monthly thereafter.
