## List Is Wanted Of Dead Mimosa Trees

Dr. George Hepting, who is working on the wilt of the Mimosa trees would like to know how many cases of the disease there are in Tryon. I know of several, but I thought perhaps you would ask in The Bulletin and perhaps in The News that everyone who had a sick tree notify you. In that way we would get a complete list. He is anxious to get some photographs. He also wants to inoculate a few small trees to test out the fungus he has isolated. If you will get this list I will be very grateful.

Sincerely,  
MAE IRENE FLENTYE.
