Applications Filed For Federal Funds

The highlights at regular meeting of the Town of Tryon Commissioners held on Monday evening, were filing of three applications for Federal funds for public improvements. The first application was filed with the Public Works Administration for funds with which to construct a badly needed sewerage system and disposal plant which has been recommended by the State Board of Health. This week was the last time the Town would be given the opportunity to apply for Federal funds with 45 per cent of it being a direct gift from the Federal government, and the remaining fifty-five per cent to be loaned by the Federal government at 4 per cent interest. To have waited longer, the Town would have had to build the plant and pay all the cost with money borrowed at 6 per cent.

The second application was to the Works Progress Administration for funds with which to construct a nine hole municipal golf course adjoining the present site of the Tryon Country club, which would make available an 18 hole golf course. This will not cost the Town government very much and will be of immense help to local laborers and business men as well as offering a better inducement to newcomers and home builders. Of the estimated cost of \$36,000 \$21,000 will be spent for local labor. Grants from the Federal government and members of the Country club will leave the Town of Tryon to furnish only some equipment.

The third application was for

Residence at Saluda Destroyed by Fire

SALUDA, Sept. 2—The two-story house here belonging to R. C. Hamer, of Eastover, S. C. was destroyed by fire on Saturday morning about 11 o'clock. Much of the furniture and clothing in the house was saved. About \$1,000 in insurance was carried, but this does not cover the entire loss. The house, which was at the foot of Piney mountain, was built several years ago.—Asheville Citizen.
