## The Apple Show Was A Success

The Polk County Apple Show which was held for the first time in Tryon was a big success. The splendid co-operation of all citizens who were asked to take part put the show over in a big way. The Tryon Garden club decorated the show room and made it very attractive with autumn leaves and reeds. C. M. Howes, C. J. Lynch, Joe Wilson, H. R. Niswonger of Raleigh, Miss Agnes McLeod, and members of the Garden club committee were very active in promoting the work. The Town of Tryon helped and various organizations contributed their influence. C. J. Lynch was the able auctioneer and what he didn't auction off he negotiated a trade with local merchants so that everybody was pleased with the results of the show, which was held on Friday and Saturday.
