Vol. 8 TRYON, N. C., WEDNESDAY, OCT. 16, 1935 Est. 1-31-28

## At Kiwanis Tuesday

A very interesting meeting of the Tryon Kiwanis club was held on Tuesday noon at the Imperial hotel, Landrum. Pres. R. S. Jackson had charge of the program. Dr. George F. Taylor gave an interesting talk on character forming and the study of children. Carroll P. Rogers gave the current events and C. M. Howes reported on the results of the Apple Show which turned out to be a success. Members of the club took up a collection to help make up the deficit, the payment of which had been underwritten by J. N. Jackson.

## Football Thursday

The local Tryon-Saluda team will play the Røebuck team on Thursday, October 17th, at 3:30. Every member of the squad promises to show improvement over former playing and a jam-up game is predicted. Tryon has met Røebuck four times previously and every meeting has resulted in a victory for Tryon except one, which was a tie. Tomorrow, everyone is anxious to keep up the good record and will fight hard.

Among the outstanding players who will no doubt give good accounts of themselves will be, Shields, now a driving power in the backfield, Blackwell, shifty running back, Kerhulas and McGeachy in the line. Green is again expected to live up to his reputation. The game starts at 3:30 at Harmon Field.

## This Prescription Not Good In Tryon

**R**The prescription: "An Apple A Day Will Keep the Doctor Away", doesn't work in Tryon. We held an apple show for two days last week-end and now all the doctors in sixteen counties have come to Tryon today for the Tenth District Medical convention.

Tryon welcomes the Tenth District doctors. The community is gradually becoming a haven for medical people. Among those making Tryon their home within the past few years are Dr. Louis Fuldner of Milwaukee; Dr. J. I. Lee of Detroit; Dr. Rosa L. Gantt of Spartanburg; Dr. O. E. Haisch, Dubuque, Iowa, and only recently Dr. David Edsall, dean of the Harvard Medical college, who has built a home in Gillette Woods.

Tryon is proud of its medical connections. St. Luke's hospital here is a testimony of the appreciation of Tryon for Dr. A. J. Jervey, Dr. M. C. Palmer and Dr. Earle Grady. Tryon also is headquarters for the Polk County Unit of the American Woman's Hospitals, thanks to Dr. Gantt, a former president of the National organization. Tryon always goes over the top every year for the county in the Red Cross Drive.

## Dr. Taylor to Preach At Erskine on Sunday

Dr. George Farrand Taylor, of Tryon, who is teaching Bible classes at Converse college, will fill the pulpit at the Erskine Memorial Congregational church on Sunday morning at 11 o'clock.
