

GREENVILLE SPEAKER AT PTA MONDAY

A program of great importance to parents and everyone interested in young people will be given at the meeting of the Tryon Parent-Teacher Association, Monday afternoon at 3:30 at the school auditorium, when Mrs. Louise Earle, dean of girls in the Greenville, S. C., high school, will address the group on "Parent-Child Relationship." Mrs. Earle, who is an experienced worker among young people, talked to the Parent-Teacher Association last fall on "Character Building Practice in the High School." The audience was so delighted with the address that Mrs. Earle was sought for the speaker again this term. A worthwhile message is in store for the people and a large crowd is expected to be present.

Hostesses during the social hour following the business meeting and program will be Mrs. Harold Doubleday, Mrs. J. E. Derby, Mrs. C. M. Eargle and Mrs. T. L. Justice.

E. E. Galloway returns today from Detroit where he attended a preview of the 1936 Chevrolets. Mr. Galloway is district sales manager of the Chevrolet Motor Company, and makes his headquarters in Tryon.

HAND-WEAVING

We cordially invite all visitors to Tryon to visit our Weave Shop and watch our skilled weavers at work at their looms. Come between 9 and 3:30.
