

Every dog has his day but a dog with a broken tail has a week-end. So said C. M. Howes at a public meeting a few days ago.

During the last week-end a number of interesting things took place. S. A. Slack's automobile which was parked across the street in front of Ballenger's was hit by an out-of-town car.

A tramp cartoonist arrived at the editor's home Sunday evening looking for work or something to cat until he could get to the next town. Said he was kicked off the Atlanta Georgian. Had enough money to get to Spartanburg, and had walked all the way to Tryon. He had been all over the United States but had never seen anything like the Tryon Daily Bulletin. Said he had worked on some paper with Ripley, "Believe It Or Not."

Henry Shankle, former Bulletin printer's devil, seems to be making good in Portland, Oregon. He has started a monthly Bulletin there for the District Epworth League. Henry is the editor, and writes interesting news.

The Will Rogers memorial program over the radio Saturday evening was very interesting. Some big shots were on the program. One of the most thrilling was the voice of Lady Astor from England who joined the other noted in paying tribute to Will. No one here knew Lady Astor was to be on the program and her sister, Mrs. Lefty Flynn, was pleasantly surprised in Tryon.

More people are bringing their prescriptions here every day. There must be a reason. Bring us yours.
