## Newberry High Tops Tryon, 18-0

Newberry, Nov. 27.—Newberry defeated Tryon, N. C., today 18 to 4 in a game that featured the steller playing of both teams.

The Bulldogs scored in the first period after staging a drive that saw Tryon intercept a pass and then punt to the 20-yard line, where the locals started an 80-yard drive with Ringer going over.

Newberry blocked a punt on their own 25-yard line and R. Baker finally went over.

Neither team scored in the third but the Bulldogs added a score in the fourth period as they staged a 70-yard drive down the field, Baker going for the touchown.

The game saw Ringer, Bouknight, R. Baker, Williams, Johnson, Wicker, Buzhardt and Mills of Newberry in their last game, all starring.

Wesson and Clark played neat ball for Newberry in the line while Ringer and R. Baker starred in the backfield.

The Tryon team played a good game but could not gain consistently through the Bulldog line, making only one threat in the third period and then they reached the Newberry 20-yard line. Newberry made 16 first downs to Tryon's six; tried five passes, completing two, while Tryon tried nine passes, completing two and intercepting three. The Bulldogs have had a very successful season. Injuries and sickness spoiled their mid-season play.—Spartanburg Herald.

## Believe It or Not—

Did You Know:

That the Lanier club is 45 years old?

That the Lanier library is one of the oldest public libraries in the state?

That it has never asked nor received any government nor county support?

That EVERY CENT of the Lanier club dues goes toward the running of the Library?

That every cent from library cards and fines goes toward buying new books

That we have over 8,000 books in our Library?

That we add, by purchase or gift, about 500 new books every year?

That we "weed-out" our books every year, passing many on to rural libraries?

That the average town the size of Tryon, or even twice its size, has no library at all, or one to which new books are seldom added?

That one of the questions most frequently asked by prospective visitors to Tryon is: "Is there a good Library?"

That our yearly budget for maintainance, salaries, light, fuel and phone, insurance, supplies and books, is raised by Club dues and entertainments? No strings are tied to our Library by Government or Carnegie Foundation rules and red tape?
