## Basketball Tonight

The Tryon high boys and girls will meet the strong Saluda teams in a double header on Friday night, January 17. This year the locals have an unusually strong squad and a hard fought game is in prospects for both contests. Saluda will bring down a winning combination with four of the boys being familiar as football players. Staton, big center, is the spearhead of the Saluda attack while Blackwell is a versatile performer for Tryon.

The boys will start their game at 7:30 with the girls playing immediately afterward. In addition to the two school games, the local Town teams will meet the amateurs from Sunny View. Fans will have a chance to see three games in all.
