Daily Scotch Story; Figures Don't Lie

"Lefty" Flynn hands us the following:

An Irishman working for a Scotchman asked for an increase in pay. The Scotchman replied: "If you are worth it I will be pleased to give it to you. Now, let us see what you do in a year. We have 365 days in a year; you sleep 8 hours every day, which makes 122 days you sleep; taken from 365 days leaves 243. Now, you have 8 hours recreation every day, which makes 122 days; taken from 243 days leaves 121 days. We have 52 Sundays in a year, which you have off, leaving you 69 days. You don't work Saturday afternoons; this makes 26 days in a year; take this off and you have 43 days left. You have 14 days vacation; take this off and you have 29 days left. Now, Pat, you are allowed 1½ hours for meals, which totals in a year 28 days. Take this off and you have one day left. I always give you St. Patrick's Day off; so I ask you, Pat, if you are entitled to a raise?"

Pat then answered: "Well, what the hell have I been doing then?"

At Kiwanis

Tryon Kiwanians had an interesting program Tuesday. Reports were heard on the progress of the movement to establish junior prison camps. Approval is being heard from all over the state. County Agent J. A. Wilson reported on the splendid work being done by the Kiwanis 4-H club projects which are teaching many useful things to the rural young people.

Indian Here

Chief Blue Sky Eagle, a member of the Piedmont Boy Scout Council staff, and who spent last summer at the camp on Lake Lanier, gave an interesting program this morning at the Tryon school chapel. He gave several Indian dances, and told of some Indian customs, sign languages, and exhibited a real Indian scalp. This program was given as part of the Boy Scout educational week that is being observed from February 7 to 13th. On Friday morning the Scouts will have charge of the chapel exercises and will demonstrate some of the useful things Boy Scouts learn.
