Why Leading Merchants Are Closing July 4th

FIRST—We believe in this great country of ours for which our forefathers fought and died to free; and gave us a flag to respect and love.

SECOND—In 1917-18 we also fought to keep this a free country and to hold the flag we love so well. Our good working people helped us to do this.

THIRD—The mills in this section are all paying their help on Friday, therefore they will have from five o'clock until nine o'clock Friday night to pay their bills and buy their needs for the two days. Other working people can get their pay on Friday by asking for it. The stores will have all the time they need in which to sell and deliver what the customers want.

FOURTH—The leading business houses of Tryon have made Tryon what it is today. We love it and believe that if we co-operate we can make it a better place in which to live.

FIFTH—We like our helpers any know that they love their town and country. They work hard and faithful for us; therefore they deserve a rest now and then. There are only three holidays that they get—July 4th, Thanksgiving and Christmas. Just because July 4th comes on Saturday is no reason why they should be robbed of this holiday.

SIXTH—We believe all good American customers will agree with us.
