WOULD YOU?

Would you give a dollar to save your neighbor's house from fire? Have you ever heard the words, "Fireman Save My Child"? Did you know that there is a small number of Tryon men drilling and training regularly without pay in order to have skill and to be in condition to save your house from fire and maybe your child from death? Some Tryon people know this and appreciate the work the local firemen do and have given them cash donations and presents from time to time in order that the firemen may have the proper equipment and inspired spirit to do their work better. Now, they need about \$100 to complete their headquarters over the Town offices. A five dollar or one dollar donation, or as much as you feel able to give will be appreciated by the firemen. And listen, this work ought to be completed right away. You wouldn't want them to take their time in coming to your rescue at a fire. There is always more joy in volunteered contributions. And this is a volunteer fire department.

Storm Hits Coast

A 75-mile wind on the Atlantic Coast from North Carolina to New Jersey too 44 lives Friday. 67 persons are reported missing. Many small ships are unaccounted for. Passenger and freight ships are hugging sheltered spots.

Historic Alcazar fortress in Spain blown up by loyal soldiers. 700 people believed killed.
