Several pathetic looking stray kittens have been begging for a home on Trade street for several days. They meow at the post office and in front of stores. Many kind hearted people pick them up, pet them and talk sweet words to them, because they are so cute and needing a kind word. Those would be friends put them down and leave them hungry and without a home. They have no place for them. But just imagine the hope that springs up in the kitten when one of these friends pick him up, and then the lump that swells in his throat when he is put down and deserted again. It has been suggested that the town officers chloroform all nine lives and relieve everybody of the heartache.

THE BULLETIN—\$1.50 year.

A telegram received today from Norfolk, Va., states that Thos. E. Blackwell, U. S. N., who was scheduled to sail today with his ship to France, has been transferred and will remain in Norfolk. Tryon football players who are now practicing will be interested to know that Thomas made the first touchdown for Tryon school several years ago and won the game.
