

The Tryon Daily Bulletin

(The Smallest Daily Newspaper In The World)

Vol. 9, Est. 1-31-28 TRYON, N. C. MONDAY, SEPT. 21, 1936.

Home from Abroad

Mr. and Mrs. Samuel Bingham and daughter, Miss Ann Bingham have returned to Tryon from an extended tour of Europe. Mr. and Mrs. Frank W. Crandall arrived Saturday from their trip to Japan and Asiatic countries. Last week Mr. and Mrs. Harold Crandall and Mrs. Dudley C. Smith returned home from Europe and the week before that Mr. Smith came in from England. Next month Mrs. Margaret Culkin Banning is expected home from the north after an extended tour of Spain and other European countries. Wm. B. Weigel has gone from Germany to South Africa; Miss Mary Sharp and Mrs. Gittings who are on a visit to South America are not expected back until about the first of December. Miss Hope Washburn came home last week from Europe. She carried her car with her. The Nelson Jacksons spent the month of June in Mexico; Mrs. L. L. Meegan visited the Pacific islands via New York and Panama canal. A number of Tryonites visited Canada, but nearly all the citizens are headed home and Tryon is looking forward to an interesting season.

Theater Changes

Tryon's Theater is having its interior fixed up. New tile floor greets the movie fan in the lobby, nice new carpets are being laid for the aisles and new celotex boards are being erected around the stage to improve the sound effects.

Mrs. Flynn's Sister Arrives in America

New York, Sept. 20—Lady Nancy Astor, Virginia-born first woman member of Britain's parliament, described President Roosevelt and Gov. Alf M. Landon as "decent fellows" today—and steered clear of expressing any political preference between them.

The "great thing about Anglo-Saxon countries, she observed, was that "political enemies can still meet and be courteous to each other."

The former Nancy Langhorne, arriving for her first visit here in four years, explained she likes to arrive in presidential election years "because so much is going on that nobody notices you and you don't have to make speeches."—Herald

Tryon Weather

Tryon is known as an excellent winter resort, and yet during the hot month of August it compared very favorably with nearby summer resorts. The mean maximum for Hendersonville during August was 84.0; for Asheville 86.2; for Tryon 85.9. The mean minimum for Hendersonville was 62.6; for Asheville 63.5; for Tryon 65.2. These are not figures taken from the Chamber of Commerce, but from the monthly report of the State and Federal weather bureau.

Dynamite wrecked a newspaper plant, demolished a big Catholic church and killed four persons on Sunday in Havana, Cuba. 20 persons were injured; and 20 persons have been arrested.
