MARKET CLOSED ACCOUNT
OF COLUMBUS HOLIDAY

Our Birthday

October 12 is the date we all commemorate as the birthday of the discovery of America by Christopher Columbus, an Italian, in 1492. In recalling the date we should pause to be thankful for the example in faith, courage and perseverance demonstrated in the first voyage across the Atlantic. The event also causes us to consider the present day Spain in its terrible civil war with its examples of misguided faith, courage and endurance. Guided rightly to a noble goal these qualities in the Spanish people would have developed a wonderful country instead of destroying its people, and treasures. What you think is you; and you do not live alone for the thoughts you plant into others makes them just so much a part of you and what you absorb from them makes you a part of them. That's why it is so necessary to do unto others what we would have them do unto us, for by and by we'll meet our own ideas travelling around in the heads of strangers. If our ideas have been good we'll get a square deal from the strangers.

Fine Greens

The new greens at the Tryon Country Club are coming along nicely. No. 1 is now being used. No. 8 is looking pretty with new Italian rye which came up in three days after the rain. Constant attention by club officials and cooperation from civic minded citizens are turning the Tryon Country club grounds into one of the most beautiful spots in America.

New Teacher

Miss Mary Eleazer of Chapin, S. C. has succeeded Miss Evelyn Carruth as the teacher of the sixth grade in the Tryon Graded School. Miss Carruth resigned last week.

Mrs. L. W. Oliver of Marion, S. C. is visiting her sister, Mrs. T. J. Kennedy.
