

FRIGIDAIRE Is Always At The Top

McCown Speaks On

Planned Economy

Attorney M. R. McCown who is chairman of the Rotary-Kiwanis joint committee on Civic beautification and chairman of the Kiwanis committee on Good Citizenship, started an interesting discussion at the Rotary club Friday noon which was continued over to next week. His subject entitled, "Planned Economy" asks the question, wouldn't it be better to consolidate all Tryon's civic and charitable drives for funds and make one big campaign for enough money to care for the various civic needs of the community and eliminate so many drives to raise funds. The subject is very interesting and the Bulletin will take the discussion up again on Monday.

An opportunity of a life time is being given Tryonites to hear Ruth Draper on Sunday afternoon at 3 o'clock at Tryon's Theatre. Tickets are on sale at Missildine's.

Card of Thanks

I wish to express my appreciation to all the friends and voters who supported me for the office of County Commissioner in the recent election. Although I did not get elected, I wish to pledge my support to all officials working for better government, and will do all I can as a citizen to make our county a better place in which to live.

Fred D. Arledge.

From Rome, Italy

W. B. Weigel, foreign correspondent of the Tryon Daily Bulletin, writes to Dr. Fuldner a card from Rome, Italy, "This morning there was a great parade of Black Shirts through this square (picture on card). A celebration commemorating the 14th anniversary of the march of the Black Shirts on Rome."—W. B. W.

CARD OF THANKS

We wish to thank all our friends for their many kindnesses and sympathy during the illness and death of our dear husband and father, Robert Parham, also for the beautiful floral offerings of our friends.

Mrs. Robert Parham,
and Family.
