

FRIGIDAIRE Is Always At The Top

A FILLER

—Continued on Back Page—
visiting guests support, consider this long list of really worthwhile causes:

- American Woman's Hospitals.
- Advertising Stunts.
- Athletics (many).
- Boy Scouts.
- Country Club.
- Chamber of Commerce.
- Civic Clubs (many).
- Churches (12).
- Christmas Funds.
- Fire Department.
- Garden Club Projects.
- Harmon Field.
- Helping Hand.
- Lanier Library.
- Missionary Societies.
- Negro Welfare.
- P.-T. A.
- Political Clubs.
- Riding & Hunt Club.
- Red Cross.
- Rural Aids (many).
- Salvation Army.
- St. Luke's Hospital.

There may be others but these just come to mind and will do to help show our readers the staggering load that local people are called upon to support. If it were not for the kindly interest and generosity of our winter guests it would be impossible to carry on, for Tryon and surrounding section have only a few industries and no large agricultural income.

Then when this little is divided with shopping in Spartanburg, Asheville and other places the local fellow who has to make his living in Tryon suffers.

The Bulletin gladly gives thousands of dollars worth of free publicity to these various civic causes and the editor is glad to swap and trade with subscribers and advertisers for almost anything of value they have to offer. The only time we squeal is when a merchant has ten dollars appropriated for advertising and some outside promoter with an advertising scheme gets a big share that money in the name of some civic cause, and the merchant can't afford to advertise in his hometown paper. That takes bread away from The Bulletin which has to be on the job for the community every day in the week; the schemer doesn't stop there but also in the name of a civic cause asks the editor to give a lot of free publicity. As a matter of self preservation to keep the Bulletin going, we have declared war.
