## Kiwanians to Give Christmas Baskets

The Tryon Kiwanis club will resume this year its annual custom of giving Christmas baskets of fruit, candy and groceries to needy families out in the county. Approximately \$50 was subscribed at today's meeting of the club. Carroll P. Rogers is chairman of the committee composed of J. N. Jackson, C. J. Lynch and Seth M. Vining. The committee will personally distribute the gifts on the day before Christmas.

President C. J. Lynch and Chairman J. A. Wilson of the Agricultural committee gave reports of the club's rural work which included support of the 4-H club work, the introduction of better dairy stock, hogs, and the promotion of a cream route. In this week's Polk County News Farm column Mr. Wilson states that the work sponsored by the Tryon Kiwanis club heads the list as the most outstanding work of Extension nature in the county.

This club sponsored a free trip for local 4-H club leaders to the 4-H club camp at Swannanoa. It also paid transportation for the entire delegation of club members to the Short Course at State College. It sponsored the calf club work, which is phenomenal in that 13 members out of 14 completed calf projects and turned in records.

The Kiwanis Chain Pig program completed the year with 15 completed project records out of 15 members enrolled.

The rural people are indebted
