Polk Members Disagree Over 3 Senate Bills

*Raleigh Bureau of The Asheville
Citizen*

Raleigh, March 8.—Senator F. P. Bacon and Representative Thomas J. McDowell—Polk county's members of the general assembly—are in disagreement on the subject of local legislation for their county.

The senator's three bills on absentee ballot, tax collector, and county commissioners have been passed by the senate, but they are expected to encounter rough sledding in the house. Representative McDowell, if he persists in his opposition, will be able to block them if the house sticks to its usual custom of standing by its members; that is, its Democratic members.

Senator Bacon, in one bill, seeks to restrict absentee voting in Polk county to national, state and legislative officers—the same system used in Buncombe county. This bill which prohibits absentee voting for county officers reached the senate Monday night and was referred to the house calendar committee headed by Representative Pylor of Pitt.

His other two bills are:

SB 284—To provide for the election of the tax collector of Polk county. It provides for the election of a tax collector in 1938 and biennially thereafter after a salary of \$1,500.

SB 285—To reduce the term of officer of the county commission—

New Streamline Soda Fountain for Sunnydale

This truly is an age of "streamline" design. We see evidences of it every day in automobiles, airplanes, railroads and a host of other conveniences of modern life. Now H. L. Shelnutt has announced the purchase of a new "streamline" soda fountain and luncheonette for Sunnydale Log Cabin.

We were rather astonished at the idea of a "streamlined" soda fountain but Mr. Shelnutt explained that the design is employed to enhance the beauty of the fountain and is a great advantage in preserving the spotless cleanliness customers like to see at the fountain. Because of this new design, all sharp corners and dust catching crevices are eliminated.

In line with their policy in the past Mr. Shelnutt states that they will continue to make their Log Cabin a place where everybody will like to meet everybody and where the social atmosphere will be in keeping with the best of service and the finest refreshment.

Mr. and Mrs. Shelnutt are eager to have all their friends and patrons inspect this new equipment which is chock-full of new and interesting features.

Thursday, March 25th, has been set for the formal opening of Sunnydale to the public and full details of the program will be brought to you at a later date.
