

Congratulations

Sunnydale

Sunnydale has chosen Modern Air-Conditioned Ice Refrigeration to protect its most delicate foods. Its flavor, freshness and color that make food really worth while and that is what you get in this amazing new discovery of MODERN REFRIGERATION. Taste the difference with REAL ICE and REAL REFRIGERATION. Foods look better and taste better when refrigerated the way nature intended it to be. Silent, no moving parts, never a breakdown, no dangerous gases, yet providing the four vital essentials of PERFECT REFRIGERATION:

- 1st—CONSTANT COLD
- 2nd—PURE CIRCULATED AIR
- 3rd—PROPER MOISTURE
- 4th—THOROUGH VENTILATION

Remember when you dine at Sunnydale that you are getting the very best food prepared and protected the very best way.
