

## Boxing Thursday And a Fish Fry

The Tryon Young Men's Assn. will hold three exhibition bouts at the club meeting on Thursday night beginning at 8:30. Immediately following the bouts a fish fry will be enjoyed. The admission is 25c and all members are requested to notify Fred Davidson, if they are coming, so he will know how many fish to catch.

Aunt Mollie Pritchard, well-known local weaver, is busy these days at the Blue Ridge Weavers demonstrating how mountain cloth is made. She has taken "the old spinning wheel in the parlor" and placed in the display window where she works every day to the delight of visitors and children who have never seen anything like it, but have read about it in books, or heard their grandparents tell about how cloth used to be made.
