For As Low As

12^c A DAY

You Can Pay for An Electric Range

During our special offer of \$5 cash, \$10 for your old stove and 30 months to pay the balance, you can have a modern electric range installed in your home and pay for it for as low as 12c a day. Isn't this an insignificant sum compared to all the advantages that electrical cookery will bring to you. In fact you can buy an electrical range just as easy, if not easier than you can buy an ordinary cook stove.

TWO FACTS:

According to testimony of electric range users, it is just as cheap to cook on an electric range as it is on an ordinary cook stove.

A modern electric range will outlast by many, many, years the ordinary cook stove . . . plus the facts of economy, cleanliness and labor saving qualities.
