The Women's Society of the Erskine Memorial church (Congregational) met at home of Miss Susan Harper on Tuesday afternoon. The meeting was held on the lawn where the beautiful views of the mountains and valleys were enjoyed as well as the interesting talk given by Dr. C. Arthur Lincoln.

"Some Social Problems of the South" was the subject Dr. Lincoln discussed, beginning with the conditions existing through the "share cropping," system in the south and ending with our local social problems. He recommended highly the Boys' club of which Dr. Taylor is conducting for the third summer and also the splendid work

of the Young Men's association. Such organizations as these help solve local social problems.

During the business session the standing committees gave their reports and the regular business was transacted. Mrs. Carroll Rogers, the secretary, read an interesting letter from Mrs. Anne Bosworth Green in connection of the society's interest in the Boys' club.

A large attendance was present including a number of the men of the church. During the social hour punch and cookies were served by the hostess, assisted by Misses Joyce and Joycelyn Juniper.
