

The Tryon Daily Bulletin

(The Smallest Daily Newspaper In The World)

Vol. 10, Est. 1-31-28 TRYON, N. C., THURSDAY, SEPT. 9, 1937

Danger Losing Harmon Field

Funds to pay for the center tract of land containing all of the buildings on the Harmon Field must be raised by the 28th of September, else the community runs the risk of losing this attractive playground. The buildings and equipment have all been paid for, the obligation amounting to \$2,053.75 is all that remains unpaid on a total investment of some \$20,000.00 in the playgrounds.

The holders of the note are willing to make a very substantial contribution towards retiring this debt providing the citizens will contribute the amount due. The property has been deeded to the Town of Tryon to be used in perpetuating it as a playground. Persons interested in saving this property can render a lasting service to the community by mailing their check made payable to The Harmon Field Fund to Chas. J. Lynch at once. The time is short and the property will revert to the original owners if this debt is not paid when due the latter part of this month.

Rotary at Oak Hall

The Tryon Rotary club will meet Friday at 1 p. m., at Oak Hall hotel with F. P. Bacon in charge of the program. Lake Lanier Inn has been closed for the winter. Mr. Bacon will conduct a Quiz program.

Methodist Revival

The long looked for meeting at the Methodist church begins Sunday morning and will continue for 10 days to two weeks. The pastor will be assisted by Rev. J. H. Carper of Lake Junaluska. Mr. Carper will arrive Sunday evening and preach at 8 o'clock. The pastor will preach at eleven o'clock. We cordially invite all Christians and non-church folks to attend these meetings.

"CURB" REPORTER

The Tryon Daily Bulletin attended over 20 colleges last year to take home news to the students from Polk county. It costs only a dollar for the nine months, every day for less than the price of postage on one letter weekly. Speaking of the rainy weather, don't get discouraged. The Blue Ridge Weavers have put in their window display of an ark with the animals going in two by two. . . . Maj. Sharp advertised in the Bulletin for a cow and hasn't had a nibble. Evidently local farmers are needing cows instead of having some to sell. . . . Now is a good time for farmers to make a contribution to St. Luke's hospital. Potatoes, eggs, canned fruit and vegetables, corn meal. Any farmer owing the hospital might be able to pay his debt in produce. It takes the co-operation of everybody to keep worthwhile community projects going. . . . Carlyle said, "Know what thou canst work at, and work at it, like a Hercules!"
