(The Smallest Daily Newspaper In The World)

Vol. 10, Est. 1-31-28 TRYON, N. C., FRIDAY, OCT. 8, 1937

## Tryon Federal Sav. And Loan Ass'n. Issues Statement

An interesting financial statement of the Tryon Federal Savings & Loan Association is published in today's Bulletin. It shows the remarkable resources of the local savings & loan association which was organized about three years ago with only a few thousand dollars capital paid in. The total resources in today's statement amounts to over a hundred thousand dollars, for the first time since the organization began. The association has aided many local citizens to build homes when money was scarce, and enabled them to take advantage of low building and material costs. The Tryon Federal Savings & Loan Association is regularly inspected by government officials. Investors are insured against loss up to \$5,000.00 by the Federal government. The rate of interest is greater than in most savings associations, and the income derived from it is tax free the same as the revenue from government bonds. The directors of the Tryon Federal Savings & Loan Association are F. P. Bacon president; W. S. Green, vice-president; M. R. McCown, secretary; Julian B. Hester and John G. Landrum, directors.

Britain and France sound warning to Mussolini. Navies of two nations may be used to aid the Loyalists.

### "CURB" REPORTER

A stray dog was killed this morning by the Tryon police. People who do not believe that a town ordinance prohibits dogs running loose without a leash are going to lose their dog. It is terrible for people to have a dog that is allowed to run loose. It gets kicked around, and mistreated in general. Taint fair to the dog and taint fair to the people who don't know the dog. Of course your dog is all right; he wouldn't bother anybody. But the other fellow doesn't know that. . . . D. V. Tallent says don't run his ad any more. He sold his wood . . . Joe Arledge of Columbus has accepted a position with the Avant Electric Co. . . . Many nice things said about the Apple Show at Saluda last week. . . . The Kiwanis club, the Rotary club and Geo. A. Cathey of the citizens committee are getting ready to receive the Travel Tour at the Country club next Wednesday morning . . . . The Seventh Grade of Henrietta writes for a sample copy of the world's smallest daily newspaper . . . . Postmaster Bill Stearns leaves Saturday for Postmasters convention at San Francisco . . . . We hope the Garden club committee gets to work soon on those parks around the depot . . . . .
