"CURB" REPORTER

Luster Wilson, Tryon Route One Mail Carrier, dug up a big sweet potato weighing 3½ pounds and gave it to Clara Edwards at the Post Office. It looked so large and nice that she gave it to the Curb Reporter. He proudly brought it to the office and showed it to the staff. "As-I-See-It" Dedman said, "Wait until you hear this" and he read the following out of this week's Polk County News Farm column: "J. M. McGuinn of the Cooper's Gap section, reports that he grew a sweet potato so large that his wife made a cobbler pie for a family of 14 and had a piece left weighing four-and-a-half pounds. Annual P. T. A. Party Big Success

The Parish House was the scene of a large card-games party Tuesday night when the Tryon Parent-Teacher association held its annual social event to raise some of the funds necessary to carry on the work of the organization. The house and stage were beautifully decorated under the direction of Dr. and Mrs. Louis Fulmer. Miss Pace and her Fifth Grade pupils made the attractive Hallowe'en designs which decorated the walls. Approximately \$86.00 was raised last night and this amount will be increased when payment is made by a few who reserved tables and could not attend. The attendance was unusually good. Mrs. K. A. Bowen, general chairman, expressed appreciation for the splendid co-operation of all merchants, business houses and dairies for their generosity in giving the prizes, and to Tryon Bank & Trust Co., J. B. Hester, Sr., and Tom Costa for cash donations. A prize was awarded the high scorer at each table. Prizes left over were auctioned to the highest bidder. Delicious refreshments were served by the Social, and Ways and Means committees.
