Book & Paper Shop Will Open Nov. 1st

The Tryon Book & Paper Shop will open for its ninth season on Monday, November First. Miss Genevieve Washburn who operates the Shop has recently returned from New York and Philadelphia where she purchased a stock of new prints just out this year and various other articles in the gift category which are also being put on the market for the first time by the makers of such specialties.

The new stock of books has been carefully selected from a very large fall list; the guiding principle in making the selections has been to choose books of interest and unusual attractiveness not always to be found in the ordinary bookshop or library, as well as the stock titles in current demand. The Shop also operates a Lending Library. As in the past, charge accounts are available to all customers who like to get friendly bills from the Shop's Treasurer.
