"CURB" REPORTER

Duke University News service reports the following article: "Durham, N. C., Nov. 22, 1937—Miss Ruth Manville, daughter of Mr. and Mrs. E. Perry Manville of Tryon has been recently elected vice-president of the girl's riding club at Duke University. Miss Manville has long been known for her ability to ride. At Duke she has built for herself the reputation of being one of the finest horsewomen at the University. Last year she won a blue ribbon in the jumping event, and placed in the form riding during the horse show staged by the Duke co-eds during their annual field day."

Young Men's Club

(By Maj. Bernard Sharp)

Elsewhere in this issue is a notice that the Club Rooms of the Young Men's Association are about to be re-opened. The club was operated last winter with considerable success, in spite of many handicaps, and the prospects for the coming season are excellent. Much has been learned and some mistakes will be avoided.

There are at least two hundred young men who need the facilities of this institution, as there is no other place in which they can be sheltered and given decent entertainment with little or no cost. Success depends largely upon the support given by the people of Tryon, not only in money contributions but in assistance with programs, etc. We are acquainted with no town that is more loyal than Tryon in meeting its social obligations and this deserves a high place on the list.
