There's Music in the air.....

More than perhaps ever before, sponsors of commercial radio programs will this Christmas try to provide radio listeners with high-type Christmas music.

It is highly desirable to receive these programs over a good radio

We suggest that you cannot do better than install a 1938 model RCA-Victor Radio with touch tuning. Just press a button, and there is the station you select, accurately tuned to bring you the best reception. **SEE US FOR PRICES AND TERMS.**
