## A Mill for Tryon?

From time to time movements have been on foot to bring some kind of industry to Tryon to help increase the payroll and to relieve some of the tax burden. They have failed because sentiment is so strong against any mills, smoke stacks, noise, etc., coming to Tryon. This sentiment is what has brought most of our tourists here. They wanted to get away from the things of the larger cities. Tryon was different, and they want to keep it different — charming, delightful, restful, friendly, "An Unspoiled Paradise." Polk county needs a lot of industries but if they come we hope they will be established in the adjoining communities. Anything that helps our neighboring communities helps us, and what helps us helps them. But Tryon should be reserved as far as possible as a community of beautiful homes, parks, clubs and attractive shopping centers. It may be necessary for the Town Commissioners to enact a zone ordinance as an assurance to newcomers that industrial buildings will not be erected in their neighborhood. There is at least a million dollars worth of beautiful homes already built in the community that would not have been here if the owners had thought this was to become a mill community. There is a place for everything. Tryon has made great progress as a desirable winter resort for a distinctive type of people. We can't have both, satisfactorily, as much as we want them. To the business man the sounds of whis-
