## Gymnasium Closed

As far as can be determined now the Tryon gymnasium will be closed for the rest of the season. This will mean that the remaining basketball games scheduled here for the Tryon high school and the local town teams will have to be played elsewhere, or cancelled. The building will have to have a new heating plant and other specifications according to the State Fire Commission before it can be used. This will involve an expenditure of around two thousand dollars which sum is not available. Up to this time as far as known the Tryon gym was considered on a par with any in this section, and was passed on by various Federal inspectors.
