The Anniversary

A man known by his relations is Dr. Arthur Smith of Tryon. When he lived in Peoria, Ill., he was known as his father's son. Since coming to Tryon he is known as his son's father. Ten years ago, Dr. Smith's son, Paul C. Smith was a prominent member of the Drama Fortnightly casts. Last week Dr. Smith himself appeared on the stage in Tryon in an important role in the Garden club play, "Royal Whims." Dr. and Mrs. Smith are now living in their new home which they built recently in Gillette Woods. Their son, Paul C. Smith, is making good in Illinois. The News & Views of Washington reports that Paul C. Smith has been promoted to the position of Assistant Advertising Manager of the "Caterpillar" company which he joined in 1930. He has planned many radio programs for WLS and a number of programs for sound pictures. He was technical advisor for Joe E. Brown's big "Earthworm Tractor" picture, and Warner Bros. were so pleased with his work that they gave "Caterpillar" Deisel tractors a prominent part in the technicolor film, "God's Country And The Woman," offered some months later.

Commissioner Bacon

The Town of Tryon Commissioners elected Senator F. P. Bacon Monday night to fill the unexpired term of Claude Fisher, who resigned recently to go to Asheville. Senator Bacon is a former mayor of Tryon and has served on the Town Board for many years, and is thoroughly familiar with local government affairs.

Tryon Boy Scout Troop No. 1 is planning an attractive window display at the Ballenger Co. . . .
