

PROGRESS VACUUM AND AIR PURIFIER CLEANER

● Lighten your housework with the "PROGRESS", the home appliance of 101 uses. No bending, stooping or pushing a heavy machine, and there's a "Progress" attachment for everything — from spraying paint to polishing floors (exclusive feature), cleaning curtains, plants, and moldings. And your rugs — just wait till you've seen them cleaned with the "Progress". You'll be amazed at its thoroughness in removing all the lint, threads, hair, dirt and imbedded grit.

And as it cleans, the air in your home is purified by means of a "Germ Trap" (Pat. Apd. for) inside the cleaner. "Progress" with its mar and crack-proof body and built-in switch, is built for years of trouble-free service—
