Garden Club Meets On Wednesday

The Tryon Garden club will meet on Wednesday afternoon at 3:30 with Mrs. C. A. Lightner at Seven Mountains. A feature of the meeting will be a prepared paper by Mrs. Ralph C. Erskine on Principles of Flower Composition.

Miss Matthews Coming On March 28th

Miss Elizabeth Matthews of Cincinnati, one of the outstanding speakers of the Episcopal church will speak in Tryon at the Parish House on Monday, March 28th, at 4 p. m. Miss Matthews was the first woman elected to the National Council of the Episcopal church and is a most informed as well as a magnetic speaker. Tryonites are fortunate in having the opportunity to hear her. The change in date as previously announced was made in order not to conflict with the steeple-chase.

Wild! Beautiful!

Now is a good time to see Pearson's Falls and glen before the foliage gets too dense, according to members of the Garden club who have just returned from there. Many things are out in bloom. Blood root, hepaticas and giant chick weed are blooming in profusion. Trout lilies, yellow violets and other things are coming out. Pearson's Falls contains a greater variety of wild flowers than any other place in America. It is owned by the Tryon Garden club.
