Orphans Entertaining

The Oxford Orphans Singing Class gave a very entertaining program of dancing, songs and music on Tuesday night at the Tryon school auditorium before a large appreciative audience. The Masons of Polk county joined the Masons all over the state in sponsoring this delightful program which does so much to help the children and at the same time give the public its money's worth in enjoyment.

Boys' Club

(By David Cromer)

We had a perfect attendance this morning. In athletic competition Group One were victors in ping pong and in horse shoe pitching; Group Two won in the sack and relay races. In volleyball Groups Three, Four and Five were winners. On Thursday we go swimming at the Tryon Country club, leaving from the school. Friday morning is our "commencement" finals and we again invite the public to attend this short service and see our work displayed.
