Rector's Cleaners Move In Home

Rector's Cleaners & Dyers, one of the most modern cleaning plants in the Carolinas, is being moved this week to their own building which Mr. N. R. Rector recently bought on the corner of Trade and Howard streets across from Tryon Motor Co. The two buildings this side of the Town Office formerly known as the Merrick building, have been remodeled in every way to meet the state requirements and to give this section the very best in cleaning service. The buildings in the future will be known as Rector's Corner. Mr. Rector has improved the dry cleaning business in Tryon every year for the past ten years, adding the most modern equipment from time to time. The new quarters and additional equipment will enable Rector's to give better service than heretofore.
