Vol. 11. Est. 1-31-28 TRYON, N C., FRIDAY. JAN. 6.

T. E. Walker, 76

Columbus, Jan. 5.—Thomas Ellis Walker, 76, of Columbus, died Thursday afternoon at St. Luke's

hospital at Tryon.

He is survived by his widow, the former Odella Johnson, and the following children: Mrs. Edgar B. Cloud, of Columbus; R. H. Walker and Mrs. Foster Head, both of Morganton; Mrs. M. F. Burgess, of Baltimore, Md.; T. Floyd Walker, of West Palm Beach, Fla.; Mrs. M. M. Simmons, of Lake Lure; and Mrs. R. A. Are Lake Lure; and Mrs. R. A. Arledge of Rutherfordton.

Funeral services will be held on Sunday afternoon at 2:30 at the Green Creek Baptist church.

Basketball Tonight, Tryon Hi Versus Inman Hi

Tonight at 7:30 the Tryon high teams will meet Inman in what promises to two very fast and good games

of ball. The visitors have always brought excellent squads to Tryon, and this year are reported

to be as strong as ever.

In the games with Sunny View, last Tuesday night, the Tryon girls lost out in the second half by the score of 18 to 31. The Tryon boys jumped into a 12-point lead in the first quarter and coast-___Continued on Back Page____

Lanier Club Hears Dr. Edsall

Dr. David L. Edsall addressed the Lanier club on Thursday afternoon at 3:30 o'clock at the Lanier library. In his subject, "Changing Horizons of Health," he told of the development of our attitude toward health problems from the personal to the public. In ancient days a man thought only of himself but the progress of Christianity influenced the building of hospitals and public health clinics. And for economic reasons man has found it necessary to improve the health of the population as a whole. Plagues held up shipping, halted trade and manufacturing. And now with airplanes, and other means of speedy transportation making possible the spread of diseases quickly, it is necessary to think of world public health for economic reasons as well as being merciful. The discoveries of scientists who made preventive measures possible and the merciful attitude toward the sick completed with economic reasons have changed the horizons of health from time to time as knowledge increased.

The president, Mrs. Harkness Smith, welcomed the following new members into the club: Mrs. William Stone, Mrs. William E. Twining, Mrs. Arthur R. Wom-rath, Mrs. Mary Julienne, Mrs. Edgar S. Francis, Miss Jane B. Bacon. Mrs. Louise Wilson Rob-inson, Mrs. H. B. Kelly.

Hostesses for the afternoon tea in the Holden Reading Room were Mrs. C. Arthur Lincoln, Miss Susan Harper. Those pouring were Mrs. D. C. Brundage and Mrs. Nelson Jackson, Jr.
