### CURB REPORTER

Ford in an old fashioned waltz. The fine telegrams from Tryon friends were read with pleasure and made the "bride and groom" very happy. Mr. Whaling and I are anticipating our return to Tryon in a couple of weeks." . . . Governor Clyde Hoey in his message to the State Assembly the other day stated that in time the tourist business in North Carolina would mean more in dollars and cents than the cotton and tobacco crops. He is getting the figure on it and knows that North Carolina is the place to come for rest and recreation. . . . When you stay away from church service you help the Communists, Fascists, and Nazi.
