## Movie News

Manager C. W. Nessmith showed an interesting preview reel this morning of the World Window series, presenting a fox hunt in England. The picture was in technicolor and showed the picturesque English countryside, the cattle, sheep, the old Roman ruins, the hunters and dogs on the chase. The picture was very beautiful. It will be shown in Tryon next Monday and Tuesday. It lasts only ten minutes and will be in addition to the feature picture. On the Wednesday of the same week. David Niven's latest picture "Dawn Patrol" will be brought to Tryon so that it will not be necessary for local patrons to go to Spartanburg to see this interesting picture.
