Proclamation of Hospital Week

Among the institutions and organizations which benefit the citizens of Tryon and Polk County, St. Luke's Hospital has a unique claim upon their esteem and support. Its service to the community is recognized by the Duke Foundation and by the County, both of which appropriate funds toward its maintenance. Its Facilities are increasingly appreciated by those who are able to pay for their care, but more than half of the patients it receives are able to return little but gratitude.

Accidents, illness which cannot properly be cared for at home, childbirth and the need for minor and major surgical operations occur in the families of the rich and the poor, to citizens, sojourners and strangers. The doors of St. Lukes Hospital are open to all.

To maintain the hospital for the current year, approximately \$6,000 will be required, in addition to the sources of income which have been indicated. During the week commencing March 26, St. Lukes Hospital Association will call upon the citizens of Tryon and Polk County to contribute toward this amount.

Now, therefore, I, Ernest Missildine, Mayor of Tryon, do hereby designate the week of March 26th as Hospital Week, and commend to all citizens of Tryon the duty and privilege of supporting St. Luke's Hospital.

E. E. Missildine, Mayor
