You Can Know What Is Going On AT HOME AND ABROAD

Just as it Happens. Thanks to the radio. For the finest in radio reception, we recommend—

1939 RCA - VICTOR RADIO

With Push-Button Electric Tuning

It costs so little to own one of these radios we would like to tell you the price on the one you want. And such convenient terms, too. When your automobile gets old and expensive and unsatisfactory to operate you wisely trade for a new car. The same logic should be applied to your old radio.
